

Level (3) Communications Corporate Headquarters Broomfield, Colorado

Holland Basham Architects was retained by Level (3) Communications to design and provide full architectural services for the new world headquarters office campus located in Broomfield, Colorado. Adjacent to Level 3's first campus, the new campus is comprised of 5 buildings on a 55-acre site totaling over 1,000,000 s.f. The new campus project represented one part of a master plan that eventually gave Level (3) Communications a campus encompassing over 3,000,000 s.f. and capable of accommodating over 7,000 employees.
